WHAT WE DO FOR OURSELVES  
ALONE DIES WITH US.  
WHAT WE DO FOR OTHERS AND THE WORLD  
REMAINS AND IS IMMORTAL.

## MY STORY

I always say that if you really want to know how rich you are, count the valuable things in your life that money cannot buy. And for me, nothing in the world is more valuable than my friends and family. They are the biggest part of my life, and the motivation behind all that I do.

## MY SON

They say the apple doesn't fall too far from the tree, and every day I realize more and more just how true that is. As they say, "Like Father Like Son" and my boy Griffin is surely a chip off the old block. The laughs and the smiles never stop when this one is around!

## MY LOVE

I'm also lucky enough to have met someone who makes me feel loved like no other. Julia and I are looking forward to building a future together, and one day even starting a family of our own. Remind me to tell you the funny story of how we met!

## MY STORY

There is no place like home...home is where love resides, memories are made, and dreams begin. When we move into a new home, everything about our life is changed: where we sleep, where we eat, and where we spend time with our family and friends.

When my mother purchased our first house, I was just a boy. Finally we had a place to call our own. As a single mother, she had worked long and hard to reach that goal, and made countless sacrifices for me in the process.

Ever since that day, it's been my lifes' purpose to help as many people as possible feel that experience. Every time I help someone buy or sell a home, lives are completely changed forever and I take immense satisfaction in knowing I helped to make it happen.
